

Jo

My job

I am training to be an Educational Psychologist. This means that I work with children and young people to find out what they are good at and what they sometimes find hard.

I use this information to work with lots of different people to try to make things better for you in school. When we meet, I will introduce myself and will explain what we will do during our session. When you meet me I might be wearing a mask to help keep us both safe .

What we might do together...

- Talk about what is important to you
- Play some games together
- Draw together
- Answer some questions together
- Do some activities, tasks and puzzles together

What I enjoy...

- Eating
- Exercise
- Spending time with my friends and family
- Walking
- Playing tennis

GYM:TIME

What I would like to get better at...

- Drawing
- Getting stronger
- Cooking

What is important to me....

- Travelling
- Family and friends
- Food (especially cheese!)
- Laughter

People describe me as...

- Friendly
- Funny
- Silly
- Kind
- Easy to talk to

What happens next?

I will meet you on the computer (on a video call) or in school.

If you do not want to meet with me or do any work together, you do not have to. We will only meet or do as much as you would like to.

If you have any questions, you can write them down or ask someone to write them down for you and I will try my best to answer them when we work together.

I look forward to working with you!
